It's a privilege to represent the 5th District of South and West Maui as State Senator working on issues that matter to you and your family. During my 12 years of Legislative service, I have focused on delivering solid, positive results for my district. Working with other Legislators, the Administration and the community, I provided leadership to secure an emergency helicopter air ambulance for Maui County and improve access to healthcare services; highway improvements for West Maui; Maalaea and Lahaina harbor improvements; and more school facilities including funds to plan a new high school in South Maui as well as increased repair and maintenance funds directed by our local schools.

As Chair of the Senate Health Committee, I've been in a unique position to focus attention on Maui's healthcare needs. As a result, we've received significant funding for our long-term care facilities and services – Hale Makua, Kulamalu, respite care; for our acute care needs at Maui Memorial Medical Center; special needs such as dialysis, dental care, affordable prescription drugs, substance abuse treatment; and of course, emergency care.

I'm running for re-election to the State Senate, 5th District, because we have more to do for our schools, our healthcare system and our community. Now more than ever our district needs the proven legislative ability, problem-solving skills, independent, thoughtful, respected and balanced approach, I bring to this office. I humbly ask for your kokua to continue moving Maui and Hawaii forward.
